United States Patent and Trademark Office
Before the Commissioner of Patents and Trademarks

Edmund M. Jaskiewicz,
Appellant,

v. Appeal No. 87-1026

Gerald J. Mossinghoff,
Commissioner of Patents
and Trademarks,
Appellee.

On Remand

On remand from the United States Court of Appeals for the Federal Circuit: The sanction imposed by the Patent and Trademark Office Decision and Order dated Oct. 1, 1984, in the matter of Edmund M. Jaskiewicz, is modified in light of the Court's holding that, "as to Counts One and Three there was insufficient evidence . . . to sustain the administrative finding of fraud and deliberate intent to mislead," the Respondent's age, the Respondent's status as a sole practitioner, the Respondent's heretofore blameless record and the fact that no patentee or applicant has lost any rights and that no tainted patent issued as a result of Respondent's actions, as well as the hardship Respondent has already suffered during the course of these proceedings: diminished income, legal expenses incurred and the termination of Respondent's 24-year association with the firm of Grove, Jaskiewicz, Gilliam and Cobert.

Modified Order

1. Respondent is found to have violated 37 C.F.R. §1.344, 1.56, and 1.57, and Canon 1 and DR 1-102(A)(4) of the Code of Professional Responsibility of the American Bar Association (1970) (1 Count).

2. Repondent shall be suspended from practice before the U.S. Patent and Trademark Office for a period of two (2) years. The execution of the period of this suspension is stayed and Respondent is placed on probation, subject to the following conditions. If within the period of probation Respondent should fail to comply with any disciplinary rule applicable to patent attorneys and agents practicing before the Patent and Trademark Office, his probation may be revoked and the remaining period of the suspension executed after due notice and opportunity for a hearing.

3. The following notice shall be placed in the Official Gazette of the Patent and Trademark Office:

> Edmund M. Jaskiewicz, of Washington, D.C., Registration Number 17875, has been placed on probation in his practice before the Patent and Trademark Office for two (2) years beginning Jan. 1, 1988.

This action is taken under the provisions of Section 32 of Title 35, U.S. Code, and Section 1.348, Title 37, of the Code of Federal Regulations. Respondnent has a right of appeal from this modified Decision and Order as provided in Section 32 of Title 35, U.S. Code.

DONALD W. PETERSON,
Dec. 21, 1987. *Deputy Commissioner of Patents and Trademarks.*

Reference Collections of U.S. Patents Available for Public Use in Patent Depository Libraries

The following libraries, designated as Patent Depository Libraries, receive current issues of U.S. Patents and maintain collections of earlier issued patents. The scope of these collections varies from library to library, ranging from patents of only recent years to all or most of the patents issued since 1790.

These patent collections are open to public use and each of the Patent Depository Libraries, in addition, offers the publications of the U.S. Patent Classification System (e.g. The Manual of Classification, Index to the U.S. Patent Classification, Classification Definitions, etc.) and provides technical staff assistance in their use to aid the public in gaining effective access to information contained in patents. With one exception, as noted in the table following, the collections are organized in patent number sequence.

Facilities for making paper copies from either microfilm in reader-printers or from the bound volumes in paper-to-paper copies are generally provided for a fee.

Owing to variations in the scope of patent collections among the Patent Depository Libraries and in their hours of service to the public, anyone contemplating use of the patents at a particular library is advised to contact that library, in advance, about its collection and hours, so as to avert possible inconvenience.

SECTION 2.—INTERNATIONAL CLASSIFICATION

The short titles associated below with the international class numbers are terms designed merely for quick identification and are not an official part of the international classification. The full names of international classes are given in section 6.1 of the trademark rules of practice.

The designation "U.S. Cl." appearing in this section refers to the U.S. class in effect prior to Sep. 1, 1973 rather than the international class which applies to applications filed on or after that date. For adoption of international classification see notice in the OFFICIAL GAZETTE of Jun. 26, 1973 (911 O.G. TM 210).
